Abstract

The RDO and IIC are the major platform for industry-university linkage at Chia Nan University of Pharmacy and Science. Organization for promoting such linkage and achievement of the recent three fiscal years (2005-2007) will be addressed. According to statistical data, the R&D funding and industry-related support amounts to around 120 million NTD for the fiscal year of 2007. In terms of intellectual property, currently, the approved CNU-owned patents total 59, plus 40 in the reviewing process. There're 22 companies which are now incubated in the campus of Chia Nan University. The revenue of technology transfer amounts to around 1 million NTD for the recent three fiscal years. In the long run, both RDO and IIC will serve to support sustainable development of university operation.
